

Contracts update

11/1/2012

The current MALIA materials contracts went into effect on July 1, 2012 and will run through June 30, 2015. All of the initial complications for beginning a new contract cycle have been resolved to the satisfaction of our members and also the vendors. The current serials contracts and supplies contracts will be in effect until June 30, 2014. There are no outstanding problems or situations that I am aware of that prevents any of the MALIA members from fully utilizing our contracts. If there are any questions or problems that arise that I can help with, please do not hesitate to contact me.
