

MALIA Contracts update

3/22/2013

Currently, the contracts for materials, serials, and supplies are in mid-cycle. The current materials contract will run through June 30, 2015 while the serials and supplies contracts will be in effect until June 30, 2014. Over the past few months, I have addressed numerous questions from our members but they have been of a general nature. Several contracted vendors wished to update their discounts to better pricing or change their contact information and also some non-contracted vendors wanted to offer discounts to our members. Any information sent to me by the vendors has been communicated to our membership via the listserv and Jody has posted it on the webpage as well. There are no outstanding problems or situations of which I am aware that prevents any of the MALIA members from fully utilizing our contracts at this time.

If there are any questions or problems that arise that I can help with, please do not hesitate to contact me.
