

## Contracts update

04/05/2019

- The end of the contract cycle for the Serials and Subscriptions, and Supplies contracts respectively is June 30, 2019. As a specified option in the contracts and per authorization from the Executive Board, these contracts will be renewed for a one year period beginning July 1, 2019-June 30, 2020.
- Nancy Sconzo, our liaison with LVA, sent the renewal documents to the contracted vendors. All current Serials vendors and Supplies vendors responded positively to the renewal requests. The completed documentation with the required signatures are loaded under each vendor's link on the webpage. The renewals will be posted in eVA by the Department of General Services. The renewals will automatically go into effect on July 1, 2019 without a lapse in service. The renewal period is from 7/1/2019-6/30/2020.
